

Kino, Good Night

rooftops are shaking under the pressure of days
A shepherd in heaven herds the clouds
A city shoots its lights into the night
But strong is the night, great is her might

CHORUS

Those who got to bed, good night, good dreams
I've been waiting for this time and here it is
This time has come

Those who ere silent started to talk

Those who've got nothing to wait, mount their horses

You won't catch up with them, no, not now

CHORUS

Neighbors come, they complain they hear hooves clicking

They can't fall asleep, it disturbs their dreams

Those who've got nothing to wait for take off

And those who were saved-they are safe

CHORUS
