

Kirk Franklin, I Am God

Toby Mac

Turn it up

Were goin get it right boy, Ya'll
God I know you're up to somethin
I can see it all right now
(whoop) pulling back my covers
it's getting crazy - come on

Think I'm gonna walk away
you're messin up my life today
(sup) so this time I refuse to pray but
still you keep calling me

I don't want to see your face
Thing I loved was erased (come on)
Nothing but an empty space
Now I don't know how to be
I know it wasn't right for me
What you liking what you need
I feel like I'm in surgery
Still you cut deeper
My secrets within
Lord, how much longer till you're through with me?
Please take what you need

can I get up now

Be still
and know
I am God

Be still
and know
I am God
(This is my due here yo)

Lord, your ways are not my ways
everything you don't explain
some things I don't want to change
so you keep breaking me
like I'm fighting for my life
You hit me with another right
I feel like Jacob in the night
I won't stop till you bless me
My flesh and my will (yes Lord)
is yours not to kill
bringing myself to you
but living sacrifice is more

Be still and know I am God
Be still and know I am God.....
