

# Kirsty Hawkshaw, Chapter 8

One day the black hole  
Will Disappear  
And everything that ventured inside it  
Will have no relevance  
But it will still be felt out there  
Somewhere in the bigness  
Like the way I still feel you

Some things are better left unsaid  
Some books are better left unread  
But I will never underestimate  
The meaning behind chapter 8

Between the knowing and the believing  
There is no space for the sunrise or doubt  
I've packed my bags full of existence  
That's all!  
Memories outside this village  
Visit sometimes  
And I'm dancing again

Some things are better left unsaid  
Some books are better left unread  
But I will never underestimate  
The meaning behind chapter 8

Knowledge and understanding  
Remain my faithful companions  
I'll keep them safe under my hood  
And when I'm ready to forgive  
It may sink in  
The chapter I never understood  
In the chapter I never understood
