

Kiss, A Million To One

Baby, now that you've made up your mind
I'm gonna let you go,
if that's what it takes to show love is blind
I gave you the best love you ever had,
but it wasn't enough
So if you think you're so smart,
go and play with your heart
When you walk out the door,
you'll realize what you never did before

Chorus:

A million to one - that's what it will be
A million to one - there's someone better than me
A million to one - no, you never will find
A million to one - another love like mine
Yeah, we chose our sides and I've been misunderstood
But everytime I try to open your eyes,
I'm damned and I'm no good
Day after day, you're further away, I can't take anymore
So it's time that you go,
but I want you to know, I won't stand in your way
Deep in my heart I know, girl you're runnin' away

chorus

A million to one
One of these days you'll come out of your haze,
no matter what you do
It'll be too late, something good won't wait,
love is runnin' out on you
A million to one, a million to one

chorus

listen to your heart girl - a million to one - oh

A million to one - no, you never will find
A million to one - another love like mine
A million to one (repeats out)
