

# Kiss, Good Girl Gone Bad

It ain't love, but it ain't so bad  
She ain't nothin' like you ever had  
Face of a woman, hands of a child, yeah  
Been a long time comin', now she's goin' wild

Well I know she ain't the girl next door  
She ain't the girl she was before

She's a good girl gone bad, one kiss can drive me mad  
Good girl - come on - show me the way

The girl can't help it, she's out of control  
I gotta have her, she's so hot to hold, yeah  
She's gettin' her way, but I'm havin' my fun  
Steamin' up the window with the radio on

She ain't searchin', she knows the score,  
it ain't love she's lookin' for  
But now she's gone too far,  
she found love in the back of my car  
She's a good girl gone bad, one kiss can drive me mad  
Good girl - come on - show me the way  
She's a good girl gone bad, the best love I ever had  
Good girl - come on - take me away,  
oh, take me away, take me away  
She ain't searchin', she knows the score,  
it ain't love she's lookin' for  
But now she's gone too far, I know

She's a good girl gone bad, one kiss can drive me mad  
Good girl, come on, show me the way  
She's a good girl gone bad, the best love I ever had  
Good girl, come on, take me away
