

Kisschasy, Ode To Silence

The secretest sound
Why can't I say
"Here's to you
And me"
into the silence as I sleep

Kiss me soft
To the sound of rain
I'll never hear above the screams of your grave

What did you fear?
Can you hear
When I call?
Do you see
That I breathe as I fall?

Can I keep it inside?
I'll tell the truth
"Here's to you
Darling, and to the romance that you (speak)?"

Kiss me soft
To the sound of rain
I'll never hear above the screams of your grave

What did you fear?
Can you hear
When I call?
Do you see
That I breathe as I fall?

Kiss me
Softly
As the rain falls
My life represents you
Kill me
Quickly
Raptured at the..
See me burn

What did you fear?
Can you hear
When I call?
Do you see
That I breathe as I fall?

Just What did you fear?
Can you hear
When I call?
Do you see
That I breathe as I fall out the wall?
