

Kitty Wells, Best Of All My Heartaches

The best of all my heartaches is you I guess I'm crazy but I feel this way

Everyone before you I've forgotten but the heartache you gave me is here to stay

You are the best of all my heartaches a tragediest one more than all the rest

And I don't ever want to forget you

Cause of all the heartaches I have known you are the best

[guitar]

If I'll ever fall in love again he'll have to love me like you used to do

His every kiss must make me remember the way I felt when I was kissing you

You are the best of all my heartaches...
