

Kitty Wells, Everybody Loves Somebody

Everybody loves somebody sometime everybody falls in love somehow

Something in your kiss just told me my sometime is now

Everybody finds somebody someplace there's no telling where love may appear

Something in my heart keeps saying my someplace is here

If I had it in my power I'd arrange for every boy to have your charms

Then every minute every hour every girl would find what I found in your arms

Everybody loves somebody sometime and although my dreams were all of you

Your love made it well worth waiting for someone like you

If I had it in my power...
