

Kitty Wells, I Heard My Saviour Call

I heard my Saviour calling me he save my soul he set me free

I know he'll never let me fall praise out I heard my Saviour call

I was a sinner traveling on a weary road so far from home

But now sweet heaven is my all praise out I heard my Saviour call

I heard my Saviour calling me...

[ac.guitar]

I'm on my way to better land and there I'll join that heavenly band

All through the ages I will sing hosanna is my heavenly king

I heard my Saviour calling me...
