

Kitty Wells, Too Far From God

Do you live from day to day with no God up above

In your sin you had rather stay never thinking of his love

Too far from God to ever hear him call deep in sin you have drifted too far

Won't you turn back if Jesus' your all before you travel too far from God

[ac.guitar]

In a mansion you may live but if it's filled with sin

No room for Jesus do you give so he pleased to enter in

Too far from God...

[ac.guitar]

Soon this world is bound to end the fire will surely fall

Will you still be lost in sin too far to hear him call

Too far from God...
