

# Kitty Wells, We Owe Good For Everything

[ Johnny ]

God creates the flowers and trees the little birds that we hear sing  
The mountains high and the mighty seas we owe God for everything

God walks these beautiful hills with me he's by my side sunshine or rain  
Creating beauty for all to see we owe God for everything  
God creates the flowers...

[ guitar ]

God loves the poor and rich alike bringing comfort in sorrow and pain  
He always helps us to see the light we owe God for everything  
God creates the flowers...  
We owe God for everything
