

# Kj-52, A Coke, A Fry And A Cheeseburger

You know what?  
You know what?  
Rolled up to the place to be  
I pulled right up to the Mickey C's  
I got three cars in front of me  
and man I'm feeling hungry now  
Tell you what I gotta do  
as I started pullin through  
I said, "Can I get a number two?"  
he said, "Sorry man, I ain't hearing you.."

A coke a fry and a cheeseburger  
say that's all that I want to order  
Just a coke a fry and a cheeseburger  
say that's all that I want  
(x2)

He said, "Can you repeat that?"  
So I began to scream back  
Just a number two with a cheese stack  
Now can you make that please fast?  
Well let me repeat that back to you  
Chicken burrito with a mountain dew  
With two whoppers and a bean stew  
Is there anything else I can get for you?

A coke a fry and a cheeseburger  
say that's all that I want to order  
Just a coke a fry and a cheeseburger  
say that's all that I want  
(x2)

All I want is just a burger man  
Forty times I think I told ya now  
Really bro I ain't getting older  
See I know my food be gettin colder now  
All this junk I had enough  
Well finally I just drove up with  
All the trouble, what's the hold up?  
Gave me a bag with a paper cup and..

A coke a fry and a cheeseburger  
say that's all that I want to order  
Just a coke a fry and a cheeseburger  
say that's all that I want  
(x2)

Now I ain't ate like all day  
So I gave him the money and drove away  
When I reached in the bag and I'm about to take  
Just a big old bite and I can't wait now  
Where's the fries I'm supposed to have?  
Where's the burger I'm supposed to grab?  
Just right then I started gettin mad  
Dang bro there ain't nothin in the bag
