

Klaatu, All Good Things

"All Good Things"

(John Woloschuk)

I never had a closer friend than you
I never had such good times as
the ones we used to have together
You are the one I told my problems to
Throughout the years remained true blue
No I never had a closer friend than you

But all good things must end
No use trying to pretend it isn't so
When it's time you gotta go
But I never had a better friend than you

I know it sounds a trifle odd
To those who have never had a dog
But I never had a closer friend than you

But all good things must end
No use crying for the dead and that's a fact
All my tears won't bring you back
But I never had a better friend than you
No I'll never have a better friend than you
