

Klaatu, December Dream

"December Dream"
(John Woloschuk / Terry Draper)

December dream
The last snowfall in June
The darkest nightmare
Too late
Too soon

Don't cry darling, don't cry
We will all die
December dream
Don't leave me now
December dream
Don't let me down

December dream
How I love you, we boast
December dream
I'm above you, almost

Don't cry darling, don't cry
We will all die
December dream
Don't leave me now
December dream
Don't let me down

The dream is over
