

# Klaatu, True Life Hero

"True Life Hero"  
(Dee Long)

The last time I went swimmin'  
A started to drown and my head ... it went down  
And then, the lifeguard he jumped in  
Grabbed hold of my hair an he pulled me to ground  
He was a true life hero  
Friend of every man an child  
A true life hero  
I really do think it'd be wild

I wonder what it would be like  
To be the ultra maroon who was first on the moon  
Cos' who could help but dislike  
A man, it is known, has the guts of a prune  
Wanna be a true life hero  
Friend of every man and child  
A true life hero  
I really do think it'd be wild

I could never be like him  
I could never be strong cos' I'm always wrong  
So I'll just sit here thinkin'  
How nice it would be if it only was me  
Who was a true life hero  
Friend of every man and child  
A true life hero  
I really do think it'd be wild
