

Klaus Nomi, Lightning Strikes

Listen to me, baby, you gotta understand
You're old enough to learn the makings of a man
Listen to me, baby, it's time to settle down
Am I asking too much for you to stick around

Every boy wants a girl
He can trust to the very end
Baby, that's you
Won't you stay but 'til then

When I see lips beggin' to be kissed
I can't stop (stop)
I can't stop myself

Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)

Nature's takin' over my one-track mind
Believe it or not, you're in my heart all the time
All the girls are sayin' that you'll end up a fool
For the time being, baby, live by my rules

When I settle down
I want one baby on my mind
Forgive and forget
And I'll make up for all lost time

If she's put together fine
Then she's on my mind
I can't stop (stop)
I can't stop myself

Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)

There's a chapel in the pines
Waiting for us around the bend
Picture in your mind
Love forever, but 'til then

When I see lips beggin' to be kissed
I can't stop (stop)
I can't stop myself

Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)
Lightning striking again
(and again, and again, and again)
