

# Klimt 1918, The Breathtaking Days (Via Lactea)

take what you want from this lonely night  
with a gentle and demanding mouth.  
Between a smile and a tear

"dne eht ot su gnirb ot seirt  
yaw yklim eht ;seiks yrrats rednu  
,esolc uoy dloh I."

[reverse:]

(I hold you close,  
under starry skies; the milky way  
tries to bring us to the end)

I'm only living to sing this song.  
I'll be still and say no more.  
I don't need to hear you explain

".seil ruo rof yrc

ll 'ew ,esimorp a ekam ew ;thgilnus rof

gnitiaw ,thgin eht thguorht gnitsaL .uoy si tnaw I lla ,wols gninrub ma I .evol rof evil tsuj I .emit on si

[reverse:]

(cause there is no time. I just live for love. I am burning  
slow, all I want is you. Lasting through the night, waiting  
for sunlight; we make a promise, we'll  
cry for our lies.)
