

KMFDM, Moon

If you want to contact me
Just look up into the moon
'Cus once the fluorescent's wide on my temple
Golden flesh and blood
In periodic cycles
Inclination, lunar embodiment
I believe
In moon power
Moonstruck lovers
Crazy shamans screaming silver
That is why I'm here right now

-Instrumental-

Let's raise the tide
That is what I call
Moon fan, moon fan
She controls the flow of my blood
She throws the arrow of my longing
My force I cherish
Moon
That wizard
Feel it coming
Abundant power, so strong
Introduce yourself to the moon
(Feel it coming, so strong)
Introduce yourself to the moon
