

KMFDM, Professional Killer

Conquer your world
Study you quietly
Count the ways
I'll do anything you say
There will be no holding back
Legions of me

So cruel
Longing eternally
Bitter sweet possibilities
A tiger on the attack
Ready to bleed

Tragically yours
Obey and submit to me
I will find you
Wherever you hide
Got a thrill for the hunt
A skilled criminal mind

So calm
Tracking your every move
Unrelenting my conscious clear
Beyond a shadow of doubt
A force to be feared

Wretched and pure
Tricky and dangerous
Do not question
Or challenge your fate
A promise written in blood
Take life for pay

Yours is not to ask why
Yours is to do and die
Professional killer
