

KMFDM, Sturm & Drang

You make and break your own restrictions
You write and prove your own revisions
You become new

You sweat and bleed pure fascination
You thrive upon disintegration
You break through

The truth the lies all fabrications
Only you control your destination
You are what you do

You put aside your resolution
You dig into a new conclusion
You become new

You revel in the de-construction
You feel your mind become a weapon
You break through

Wiederaufbau und vernichtung
Wirklichkeit und heldendichtung
Edle wahrheit und legende
KMFDM zum bitteren ende

Sturm&drang
