

# KMFDM, Unfit

You are the sweetest disease for me  
I can't hear you say please to me  
There's nothing you cannot say to me  
Come on get down and pray with me

There's no feeling inside of me  
You'll see nothing can hide in me  
You'll find nothing can feed on me  
Don't look, listen or believe in me

Get down  
Shut up  
Come on in  
It's time to take your medicine  
I'm unfit  
I'm unfair  
You can't feel  
And I don't care  
Get down  
Shut up  
Come on in  
It's time to take your medicine  
I'll wipe a stripe on you tonight  
I'll tee you high and you will fly
