

# Knapsack, Silver Sweepstakes

A stand in to battle for me  
To breathe  
To breathe for me  
I'm braving it briefly

A hand for the one that's beneath  
I need  
I need  
It's swift and it's sweeping me

(Chorus)  
I managed the motions  
This ache is wide and open  
Only after I'm amazed  
This damn thing must be broken  
This ache is hiding, hoping  
Hoping to hold out for a break

Hand in to battle for me  
To breathe  
To breathe for me  
Yeah I'm braving it briefly

Abandon the one that's beneath  
I need  
I need  
It's swift and it's sweeping me

(Chorus)  
I managed the motions  
This ache is wide and open  
Only after I'm amazed  
This damn thing must be broken  
This ache is hiding, hoping  
Hoping to hold out for a break
