

Knapsack, Silver Sweepstakes

A stand in to battle for me
To breathe
To breathe for me
I'm braving it briefly

A hand for the one that's beneath
I need
I need
It's swift and it's sweeping me

(Chorus)
I managed the motions
This ache is wide and open
Only after I'm amazed
This damn thing must be broken
This ache is hiding, hoping
Hoping to hold out for a break

Hand in to battle for me
To breathe
To breathe for me
Yeah I'm braving it briefly

Abandon the one that's beneath
I need
I need
It's swift and it's sweeping me

(Chorus)
I managed the motions
This ache is wide and open
Only after I'm amazed
This damn thing must be broken
This ache is hiding, hoping
Hoping to hold out for a break
