

Kodak Black, Midas Touch

I got the Midas Touch in my heart, this how I put on blue
They left me in the mud, I grew just like a flower do
My love for money ain't really nothin', my family valuable
They say it's up, so when you get to bussin' shit, they ride on you
My time precious, spend a pretty penny on my left wrist
My dawg reckless, it's a bag, I let 'em go fetch it (Go fetch it)
This shit get treacherous, rock a trench coat in the trenches
I hope my fam' don't ever never tell or show our messages
I need a Black to boost my high
I don't wanna rap 'til I shoot my guy
I'ma get my mans, did you live? If I don't see 'em, I settle for his next kin
But I'ma get him and I never meant to bring no pain again
But I wouldn't wanna be 'em when niggas pull up in that Benz, they won't miss him
This for them niggas sittin' behind the fence, bruh gon' stay free
Y'all speak through me every chance, I represent
And it ain't y'all fault completely, it's the life we forced to live
My nigga wanna see me dead 'cause I be shinin' more than him
Watch me shinin' more than him

I'm shinin', yeah
I said, "Fuck, you were my nigga, you costin' me first"
I'm a sniper in designer baby, made my feet hurt
'Cause I was steppin' all night in Jimmy Choo's
Don't change a thing about you, that's what you need to do
'Cause I'm already fucked up 'bout ya, just you being you

I, get on stage, I feel I might cry
Nigga wasn't raised with much, but we tried
I get on the stage, I sing 'til I die
Nigga, I done prayed for this all my life (All my life)
There's heaven for a gangsta, I know that's a lie
Nigga never gave me nothin', I had to rob
I was in a dangerous place, I found love
I was in the strangest place when I
When I see you, I'ma take yo' soul
It's best when we do (Best when we do what?), and we take it slow, yeah

I'm shinin', yeah
Said, "Fuck, you were my nigga, you costin' me first"
I'm a sniper in designer, baby girl, my feet hurt
'Cause I was steppin' all night in Jimmy Choo's

I, get on the stage, I feel I might cry
Nigga wasn't raised with much, but we tried
I get on the stage, I sing 'til I die
Nigga, I done prayed for this all my life (All my life)
