

# Koffin Kats, Koffin Kat Rock

He drinks the blood of angel  
As he's chewin' up their wings  
Legacy and pursuit of destroying everything  
He'll hold your world in one claw  
And shred it with the other  
He'll want into your life  
And move on to another

As the glowing eyes get ready to pounce.

From town, cruse around  
Koffin kat rock  
He's our demon kat  
Koffin kat rock  
Chaos is his goal  
Koffin kat rock  
Clawing at your soul  
Koffin kat rock

Well he's hiding in the darkest shells  
Of man's ? ? ? ?  
The withered ones get beat up  
Flesh is bound to ? ? ?  
The children in the back yard  
Are easiest to prey  
The koffin kat will never stop  
We're not 'bout to take it away  
Oh baby, away? No.

From town, cruse around  
Koffin kat rock  
He's our demon kat  
Koffin kat rock  
Chaos is his goal  
Koffin kat rock  
Clawing at your soul
