

# Kokia, Say Hi !

Shining all the time to me.  
Smiling you back say Hi to you.  
And walking on the street with holding hands.  
...holding hands  
daiji na mono wa sonna ni nai.  
tebura no kokoro de nani tsukamou?  
sunao ni nareta Nichiyou no gogo.  
anata ga tokubetsu to kidzuku.  
There aren't so many precious things  
What shall we grasp with our empty hearts?  
On the Sunday afternoon I could become honest  
I realize that you're special  
Dont forget a sign of love. (now you kiss me)  
Dont forget give me a big big hug and smile.  
\*1 Going out to watch the movie.  
Having ice cream with extra whipped cream.  
And driving to the beach to play with our Donna.  
\*2 Shining all the time to me.  
Smiling you back say Hi to you.  
And walking on the street with holding hands.  
kumo no ue wa itsu datte hare.  
chikasugite mienai shiawase.  
mesen wo kaereba miete kuru.  
deai afureteru kono machi.  
Above the clouds it's always clear  
A happiness that doesn't look too close  
When we exchange glances, we will come to see  
this town that is flooding with encounters  
Just remember Im with you. (Show me your love)  
Just remember always we are together.  
\*1, \*2 repeat  
(Shine) Shining all the time  
(Smiling) Smiling you back  
(Walking) Walking on the street holding hands  
\*2 repeat 2x
