

Kooks, Eddie's Gun

Did you see the way she looks at me
A honeybee got two lives and she's got me

I tried to love her back
And then I shrunk back into my wrap
And in the barrel of my gun
I hope i'm not the only one

Yes, I see the way she looks at me
She's got an eye for an awkward guy like me

I tried to love her back (she's just a girl)
And then I shrunk back into my wrap (she's just a girl)

And in the barrel of my gun
I hope i'm not the only one
And in the barrel of my gun
I hope i'm not the only one

Do do, do do do

I tried to love her back (she's just a girl)
And then I shrunk back into my wrap (she's just a girl)
And in the barrel of my gun
I hope i'm not the only one
And in the barrel of my gun
I hope i'm not the only one
