[Kool Keith]

Keith get straight back to yo' shit  
Straight back to yo' shit  
A lot of motherfuckin bitches out there rappin  
I'ma see ya motherfuckers  
You in this motherfuckin game  
I'ma treat you like a motherfuckin nigga

I'm nicer than you think  
When you show me the pussy that's light pink  
Make your asshole wink  
Ain't no bitch out there rappin  
With clean panties on, smell my hand  
Motherfucker everything stank  
Fuck a table for two, make a ho eat her own doo doo  
Can in your rectum mouth bitch I'll blow out your boo boo  
Female rapper, what you fuckin cuckoo?  
Test your wig out, and pull my dick out  
Turn around and spit in your mouth  
Way past the buttcrack and fucked up thong  
Long distance baby, call me from down South  
Fuck a car, I take Amtrak down there and shit in ya mouth  
Come to where you work at, and jerk off niggaz at  
Your strip club address I know where you work off niggaz at  
Your girlfriend kiss my asshole, playin blackjack  
Pitty pat, I don't give a fuck about the territory  
I adjust to how your city rap  
The funk between your buttcrack  
I'm guaranteed to piss on your titty rap, with full force  
The golden age, on that ass, I'm full force

[Chorus: Kool Keith]

Oh, you think you're sexy baby? You think you're sexy  
You think you're sexy, think you're sexy  
You think you're sexy baby? You think you sexy  
You sexy, sexy

[Kool Keith]

Dom P bottles, full with piss  
Bitch look up eat the sperm off the potato chips  
Watch the potatoes flip, cover your face with hors d'oeuvres  
Fuck a tight ass body, I defecate on your curves  
Egomaniac, I rub my cock on your nerves  
With organic herbs, peck your pussyhole out like birds  
See me on fifth cane, forty-ninth and third  
I'm comin at you word, what the fuck?  
Anything I hear, anything I heard

[Chorus: Kool Keith]

Sexy baby! You think you're sexy baby  
You think you're sexy, upi think you're sexy  
You think you're sexy baby? You think you sexy  
You think you sexy, you think you sexy

[Kool Keith]
