

Korn, It's gonna go away

Fu.., fu.. fu.., I got this bad cold
And I got a life, I live it up
I live it up
(It's gonna go away)
I don't want this to go away
I'm so scared
(oh so cared)
I can't think of going on
We all crumble
We crumble under pressure
(pressure)
Pressure
(pressure)
(It's still gonna go away)
.... go live it up
We're livin it up
