

# Korn, Penance To Sorrow

Outside i'm looking for an awnser  
Cause inside is gone  
Each step the ground beneath me starts to break  
I can't hold on

Hey you  
Been heading for a lifeline  
Hey you  
What for

I can't break it  
Hurt is sacred all along  
The sting of depression follows  
I can't fix it  
Pieces don't fit things are worn  
Destroyed by a penance to sorrow

Look out the feeling's rushing back again  
Too much ,to numb  
It's ripped the scene I stitch it up again  
Somehow it stays on

Hey you  
Been heading for a lifeline  
Hey you  
What for

I can't break it  
Hurt is sacred all along  
The sting of depression follows  
I can't fix it  
Pieces don't fit things are worn  
Destroyed by a penance to sorrow

Turning back at me  
I won't ever be free  
Go go go  
Never be free  
Go go go  
Never be free

I can't break it  
I can't fix it

I can't break it  
Hurt is sacred all along  
The sting of depression follows  
I can't fix it  
Pieces don't fit things are worn  
Destroyed by a penance to sorrow

I can't break it  
Hurt is sacred all along  
The sting of depression follows  
I can't fix it  
Pieces don't fit things are worn  
Destroyed by a penance to sorrow

Go,go,go

Louder than a siren, oh yeah  
Brighter than a diamond, oh yeah  
Prouder than a lion, oh yeah  
Oh yeah

I, I just wanna live like the titans  
Stand up and say  
I'm not afraid  
Stronger than anything

Louder than a siren, oh yeah  
Brighter than a diamond, oh yeah  
Prouder than a lion, oh yeah  
Oh yeah, you'll see me comin', 'cause I  
I just wanna live like the titans  
Stand up and say  
I'm not afraid
