

# Korozy, Neath the Devil's Shadow

At the nightskirts of the of the Devil's ruled land  
Darkness' been here all along  
With his Spirit awakened by deadly silence  
Gazing eyes and awesome stare of ruins  
He was ruling over all cursed souls

Beyond the darkness scorched wilderness  
Was giving souls as sacrifice of spirit  
From the depths of the Abyss  
Remorseless voice was booming through the hearts...  
I am your Well-doer!  
I am the Black Wizard and the Ruler of the Abyss  
My power hunts ahead like nearing Death

There from the ground were slowly growing  
The Seeds of Evil  
From the depths of the Abyss remorseless voice  
Was booming through the hearts... I am your Well-doer!

Hellfire outlines the silhouette of Pentagram  
And following our shadows,  
Doomed to Eternity we'll float along Infinity forever
