

Korzus, What Are You Looking For

Memoriiies
Making the present harsh
Sometimes youre burden
I have to drag around

But do I really have to?
Give my life
You only hide for everything
and I Wash my time

I see you death
What are you looking for? (4X)

In the beginning
you understood me
Now you forgot everything
Now I can see
My fate is to suffer
Silence, sic, alone
I can free myself
Running on my road

I see you death
What are you looking for? (4X)

Youuuuuuuuuuuuuuuuu
Aaaaaaaaaaaaaare
A pain in the ass

Youuuuuuuuuuuuuuuuu
Aaaaaaaaaaaaaare
A pain in the ass
In the ass
