

Kosheen, Crawling

1. I'm paralysed
Stuck between the devil and your smile
I've got my feet wet baby
Just about to die
And then you throw me back
Against the wall
What a nice surprise
Watch me fall

Chorus:
And you won't see me crawling
You won't see me crawling
No crawling ain't don't, baby don't see me
Crawling

2. If sentiment
Seems to be running dry
And there's no relent
I keep on trying
And then I realise
What can I do
Picking me up the pieces of my life
I'll get over you

Chorus

Crawling...

3. I'm bigger now
Despite of you
And when it all turns around
It'll all come back on you
Make no mistake
I learnt my lesson now
The risks we taken can break us now

Until we crawling
Until we crawling
I say crawlings not for me baby don't
Baby don't see me
Crawling

Chorus
