

Kosheen, Hide U

If you were in my heart
i'd surely not break you
if you were beside me
then my love would take you
i'll keep you in safety
forever protect you
i'll hide u away from the world you rejected
i'll hide u
i'll hide u
i'll hide u away from danger
cover you night and day
protect you fear no stranger
baby send your love my way
hide u away from danger
cover you night and day
protect you fear no stranger
baby send your love my way
my way my way
if you were in my heart
i'd surely not break you
if you were beside me
then my love would take you
i'll keep you in safety
forever protect you
i'll hide u
i'll hide u
i'll hide u away from danger
cover you night and day
protect you fear no stranger
baby send your love my way
hide u away from danger
cover you night and day
protect you fear no stranger
baby send your love my way
