

Kra, Stay

Where Have You Been,
My Long Lost Friend,
It's Good to See You Again.
Come and Sit For a While,
I've Missed Your Smile,
Today the Past Is Goodbye.
Time Can't Erase,
A Lover's Embrace
Can't You Hear It Calling,
A New Day Dawning,
You Were Longing to Find.
Love's Taken You Far,
Away From My Heart,
And I've Been Here All Along.
Have Your Eyes Failed to Find,
What Took You From Mine,
A Vision That's Faded Through Time.
But You Sail Away,
Far On a Summer's Day.
But You Heard It Calling,
A New Day Dawning,
You Were Longing to Find.
There Is a Way,
To Make You Stay,
Darling Don't Turn Away.
Don't Doubt Your Heart,
And Keep Us Apart,
I'm Right Where You Are,
Stay.
There Is a Way,
To Make You Stay,
Darling Don't Turn Away.
Don't Doubt Your Heart,
And Keep Us Apart,
I'm Right Where You Are,
Stay.
