Krabathor, Imperator

Feeling important with your lies Living your half life Blind faith in yourself Blind pride So why are we scared? We lie to ourselves! Always we are ready For suffering, pain and stress

Don't you need to vomit?!

Stop these bleeding F**ked up times And say the truth About all lies

Artful assholes In false pose Procreated By a mendacious world

Your personal koresh Sleeps inside of you Mental mutilation Sicker then ever Neverending inner crime ... Patronizing kidding Seems like an emesis Your words stink ...

Don't you need to vomit?!
