

Krace, Wanted Dead Or Alive

There are girls with disco fever
At your service all the time
She's so cute electrocuted
There's no rule that girl is mine

Rock's all over and it's party time
We got kicked out of heaven wanted dead or alive
Rock's all over and it's party time
We got kicked out of heaven wanted dead or alive

There are boys in big tuxedos
Singing with a happy smile
Boy bands hit by big torpedos
They'll be gone for quite a while

Rock's all over and it's party time
We got kicked out of heaven wanted dead or alive
Rock's all over and it's payback time
We got kicked out of heaven wanted dead or alive

We don't need no education
We just need to rock'n roll
Do you need a quick salvation
Listen to my fighting soul

Rock's all over and it's party time
We got kicked out of heaven wanted dead or alive
Rock's all over and it's payback time
We got kicked out of heaven wanted dead or alive

Rock's all over and it's party time
We got kicked out of heaven wanted dead or alive
Rock's all over and it's party time
We got kicked out of heaven wanted dead or alive
