

Kreator, Celestial Deliverance

Deception into your soul
It will creep
Like the fundation of a certain demise
Reflection facing a vision so deep
Leaves reality seem like a lie

Downward, the only way
Soulless interaction
Beneath you, dragin' you down
Drowning your soul erased
Altered state addiction

Slowly, into decline

Magic enlightenment celestial deliverance
Taking horrors carry them away
Supernatural redemption
A narcotic mirage
Creates a psychotic haze

Downward, the only way
Soulless interaction
Beneath you, dragin' you down
Drowning your soul erased
Altered state addiction

Slowly, into decline

Crying, so afraid to let go
Falling into a neverending hole
Fading, cannot see the light
