

# Kreator, Zero To None

Dominance in devotion  
Grabs us and disappears  
Have to take some direction  
Through the glass that we must break

Zero to none  
Killing radical  
The instinct to destroy what's left  
Lives in everyone

All prepared for the moment  
Yet to come complete the rest  
Patriots all confused by  
Characters of broken men

Zero to none  
Killing radical  
The instinct to destroy what's left  
Lives on in everyone

A dream within a dream  
A womb within a grave  
Calm without a riot

Every heart, every soul, all the trust  
Terror wars are radical

A dream within a dream  
A womb within a grave  
Calm within a riot

All the peace, all the hope, all the trust  
As desperation takes everyone  
God's hell is radical
