

Kris Allen, Baby, It Ain't Christmas Without You

Snowflakes falling at my window
Just left Colorado, promise that I won't be late
I'm on my way!
Presents, baggin' in the backseats
If Santa could just take me to get them fast to home
And stay, but I'm on my way!

I just want to get back home,
Underneath the mistletoe,
Steal another kiss or two 'cause
Baby, it ain't Christmas without you!
Blankets by the fire place,
I can't wait to see your face
Singing carols out there too
Baby, it ain't Christmas without you!

Well the clock says I'll be there before Rudolf,
We'll be drinking too much eggnog,
Promise that I won't be late, I'm on my way!
I just want to get back home,
Underneath the mistletoe,
Steal another kiss or two 'cause
Baby, it ain't Christmas without you!
Blankets by the fire place,
I can't wait to see your face
Singing carols out there too
Baby, it ain't Christmas without you!

I just want to get back home,
Underneath the mistletoe,
Steal another kiss or two 'cause
Baby, it ain't Christmas without you!
Blankets by the fire place,
I can't wait to see your face
Singing carols out there too
Baby, it ain't Christmas without you!

No, it ain't Christmas Christmas without you,
Christmas Christmas without you
No, it ain't baby!
No, it ain't Christmas Christmas without you,
Christmas Christmas without you
Oh, baby!
