

# Krisiun, Saviour's Blood

Tormented saviour  
I'm the one who betrays the words  
of the holy bible of scum  
prophet of fallacy whipped god  
defeat and failure for carnal lust  
sanctify thy son sacrificed  
damned priest messiah of scrolls  
reveals it's holocaust  
as ravaged chapels burn  
surging seas of abominations  
engulfing the flesh of the living dead  
mundane souls entangled

Forged swords of chaos and death  
held high mighty revenge  
there flows the saviors blood  
temples of lust and Jehova's worshipping  
pestilence flows out of the altars  
and broken signs  
envenomed worms decaying pest  
emerging out of the Jesus eyes  
cast immolation on thru the skies  
emplagued faith  
consumed succumbed religion  
works of the cross  
lost thru the void

Dawn of annihilation of blazing victory begotten  
unblessed flagellation scourged nations march  
divine light blackened below the falling of the shadows
