

# Krissy Krissy, Dream

I?ma take this world, by the hands  
I?ll sleep in a five star suite, or I?ll sleep in my van  
No debit or credit cards, I take my tips in a can  
Yeah Yeah, Yeah Yeah  
Postcards from every place, that I?ve been  
Unfamiliar faces, Now are friends

I?m livin? the dream I dream  
City to City where the nights don?t sleep  
I want my full name on the front of the Marqui  
You?re gonna hear me, You?re gonna see me  
Im livin? the dream I dream  
City to City where the nights don?t sleep  
I want my full name on the front of the Marqui  
You?re gonna hear me, You?re gonna see me  
Live my Dream

Now I?m far from home, I?m miles away  
No longer the local scene, or the ?L? train  
Big letters spell HOLLYWOOD, welcome to fame  
Yeah Yeah, Yeah Yeah  
I no longer take a bus, I charter a plane  
Room service at every stop, they take care of me

I?m livin? the dream I dream  
City to City where the nights don?t sleep  
I want my full name on the front of the Marqui  
You?re gonna hear me, You?re gonna see me  
Im livin? the dream I dream  
City to City where the nights don?t sleep  
I want my full name on the front of the Marqui  
You?re gonna hear me, You?re gonna see me  
Live my Dream

Its my time to shine, Oh and make this whole world mine  
I let go of everything that?s holding me back  
and embrace the simple fact  
That I?m

I?m livin? the dream I dream  
City to City where the nights don?t sleep  
I want my full name on the front of the Marqui  
You?re gonna hear me, You?re gonna see me (YEAHHHHH)  
Im livin? the dream I dream (ohh Im, livin it up)  
City to City where the nights don?t sleep  
I want my full name on the front of the Marqui  
You?re gonna hear me, You?re gonna see me  
Yeah
