Kristen Barry, Cool

So you fucked me up
But I do what I should
And I will keep it shut
It's just understood
Now I can't feel my head
I can't feel my skin
I know in the end
I will get used to it
I will get used to it

But it's not my fault
You took my control
And I can't give you anything

I know my baby
It's not you
I know my baby
So I'll keep it
Keep it cool

You should keep me in
Keep me in my room
Just don't let me out
'Cause that would be bad for you
Now who said you could come
Who said you could sit here and
You should get your own
So I don't get used to it
So I don't get used to it

It's not my fault
You took my control
And I can't give you anything

I know my baby
It's not you
I know my baby
So I'll keep it
Keep it cool

Am I crazy
Have I lost it
Am I losing you
You better get your own
You better get your own
You better get your own
'Cause it's not my fault
I know my baby
So I'll keep it
Keep it cool
