

# Kristine W., One More Try

(verse 1)

Every window in my hometown is empty  
And I really don't know why  
And the house you used to live in  
Is cold and falling down  
And I am tired and I'm weary  
And Lord those gray skies bring me down  
And I came home for just one reason  
To find myself in this quiet town (yeah)

And I'm thinking. . .

(chorus)

Oh I'm thinking time's been my teacher  
I don't want to leave you  
So please give me one more try  
I'm tired and I'm weary but I want you near me  
So please give me one more try  
Oh, just give me one more try  
One more try  
Oh I don't know where to go for  
One more try

(verse 2)

All the days we spent together doing nothing  
It all seems so long ago  
I thought the world turned around without me baby  
But I just didn't know oh  
That I was wrong to go and leave you  
To go and leave your world behind  
But now time has been my teacher  
And now I finally found

(chorus)

Oh I'm thinking time's been my teacher  
I don't want to leave you  
So please give me one more try  
I'm tired and I'm weary but I want you near me  
So please give me one more try  
Oh, just give me one more try  
One more try  
Oh I don't know what to do  
One more try

(chorus until out)
