

Kristy Starling, You Love Me Like That

You promise me the world, that You will never go away
You relieve my every fear and forgive all my mistakes
And everything that I've been running to
Is only a circle leading back to You.

Chorus

I can't fight the morning light
I just trust it like the love of a child
and I don't fear when the clouds appear
A blue sky will always come back
'Cause You love me like that
Yeah, You love me like that

Sometimes I lie awake afraid that
You might forget
But after all this time, You haven't let me down yet
If I could give this feeling back to You
I know my life has been worth going through

I can't fight the morning light
I just trust it like the love of a child
and I don't fear when the clouds appear
A blue sky will always come back
'Cause You love me like that

And in the dark of night
I can still see the light
When I close my eyes
You are the place I go
When I'm all alone
You keep my faith alive

I can't fight the morning light
I just trust it like the love of a child
and I don't fear when the clouds appear
A blue sky will always come back
'Cause You love me like that
Love me like that
