

Kristy Thirsk, In The Dream

(Thirsk)

i have been told there's better ways
than living your life in future gaze
but i'll never come back
no, why would i do that
when i love everything i look at?
it's you not i that's holding back, i'm in the dream and i'll never come back
it's you not i that's holding back, 'cause i'm in the dream
waiting for things to happen won't
'cause dreams aren't a thing to leave alone
no wondering what if
a thundering regret
i'll fly, i don't need to prove it
it's you not i that's holding back, i'm in the dream and i'll never come back
it's you not i that's holding back, i'm in the dream and i'll never come back
it's you not i that's holding back, i'm in the dream and i'll never come back
it's you not i that's holding back, 'cause i'm in the dream
i'm in the dream, i'm in the dream
i'm in the dream, i'm in the dream
i'm in the dream and i'll never come back
it's you not i that's holding back, i'm in the dream and i'll never come back
it's you not i that's holding back, i'm in the dream and i'll never come back
it's you not i that's holding back, 'cause i'm in the dream
i'm in the dream, i'm in the dream
i'm in the dream, i'm in the dream
i'm in the dream, i'm in the dream
i'm in the dream
