Krokus, I'm On The Run

Standing at the station Waitin' for the train No money for a B.L.T. Can't afford the plane Sat me down in a smoker Rolled me up a jay Time is up, runnin' hot This boy is on his way I'm on the run, I'm on the run Loaded like a gun I'm on the run, I'm on the run Silver bullet to the sun Meet a million people Tell me what to do All the slimy leaches...yuk! Make me feel so blue But the booze in the bus Hot legs round the neck State to state coast to coast Hey guys! I'll be back... I'm on the run, I'm on the run Loaded like a gun I'm on the run, I'm on the run Silver bullet to the sun [Guitar Solo] I'm on the run, I'm on the run Loaded like a gun I'm on the run, I'm on the run Silver bullet to the sun
