

# Krokus, Lion Heart

It's the end of the day  
And a black dog howls  
Somebody's got to pay  
When the werewolf prowls

Thunder and lightning!  
She's playing games with my head  
I'm rockin' and rollin'  
On a bearskin bed  
She gets me tired  
But I can't sleep  
Her woodoo magics got me down on my knees

Lion heart - princess of the dark  
She wants my lion heart  
Lion heart - princess of the dark  
Tearing my flash apart  
Lion heart

I wanna give her a lot  
She's taking everything that I've got  
Her eyeses burn when she gets real mean  
But she's the hottest thing that I've ever seen

There's got to be a sinner  
When evil reigns  
And a farewell dinner  
In a sea of pains  
The lady of the hunchback  
Is the hangmans child  
But I'll break the spell  
And send her back to the wild
