

# Krokus, Night Of The Snakes

I'm a hot blooded man  
Girl I know you like how I am  
And I'm gonna sit back close to you again  
Rushes thru' my body, quivers up my spine  
This feeling when I see your curves of desire  
Your gentle looks can kill  
So full of lust within  
Let me caress your flesh  
Unveil your passion, turn you on!  
It's the night of the snakes  
X-rated scenes ahead  
Time to put the kids to bed  
Explore the mysteries of our bodies  
Release some tension from this moral flesh  
Lick one hundred beads of sweat!  
You are the one for me  
Your passion sets me free  
I'm glad you feel the same  
I love to hear you, call my name!
