

# Krokus, Rock'n Roll

I wanna kiss my baby in a Cadillac  
Drivin' by a chauffeur, sittin' in the back  
Johnny you can drive us anywhere  
Cause I need time before arrivin' there  
Drivin' through the city to the concert hall  
Headin' for the sound, I hear some rock 'n' roll  
I told the driver, come on let's go through the door  
I wanna do it to the music but I need some more

[Chorus:]

Hey now, backseat rock 'n' roll  
Hey now, do it with your soul  
Hey now, backseat rock 'n' roll  
Hey now, do it with your soul  
Drivin' through the hall, straight ahead to the stage  
The music's growin' high upon our lover's cage  
She's rockin' me and I'm rollin' her  
People peepin' through the windows, I don't care  
[Chorus]  
With your soul
